*Secretary.*

*Rules for the sale of unassessed waste lands, and for the redemption of the Revenue of such lands already granted for a term of years, in the Lieutenant Governorship of Bengal, issued by Notification of Government of Bengal, dated 30th August 1862.*

**SUPPLEMENTARY RULES.**

1. There is no prohibition against the same person applying for two or more lots of land, provided that each application comprises no more than 3,000 acres, or such other maximum as may be prescribed.

**RULES.**

Rule 1. All unassessed waste lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be only notified hereafter.

B. If it should appear from the Survey or otherwise, that the application does not comply with these conditions, the Collector may call for an amended application, and in the event of a revised application not being given in within 15 days, the application shall be held to be cancelled and the deposit shall be returned to the applicant less the amount of expense actually incurred for Advertisement, Survey and the like.

C. In Dajeehng the Superintendent, and in Assam, Chota Nagpore, and the Sonthal Pergunnahs, the Deputy Commissioners in charge of Districts, will perform the duties of Collectors under these Rules. Applications shall immediately be entered in a Register in the Form A attached to these Rules.

D. An Advertisement shall also be published in the *Government Gazette*. The form of Advertisement is given in annexure C. A sum of 16 Rupees to cover all estimated expenses connected with advertising shall be paid by the applicant in advance at the time of application.

E. The sum to be deposited will include the estimated cost of clearing the boundaries for Survey, but is not under any circumstances to exceed four annas an acre.

F. Until the 1st of May 1863, sales of waste lands shall be held not less often than once a month, after that date sales shall be held Quarterly on the 1st of May, 2nd of August, 2nd of November, and 2nd of January, or on the first day after these dates, on which the Collector's Office may be open. Where a sale is deferred, the notice of the date fixed for it will be given by an Advertisement at the Collector's Office. If the day to which the sale is postponed be more than 15 days after the date originally fixed, the date to which it is deferred shall be published in the manner prescribed by Rule 5, for the original Notification of the day of Sale. In this case all expenses of Advertisement shall be borne by the Government.

G. The cost of Survey and Advertisement will be payable by the highest bidder in addition to the upset price. Immediately on the conclusion of the Sale the highest bidder (if he be not the original applicant) shall deposit a sum equal to four annas an acre on the whole area of the lot. In default of immediate payment of this deposit the Collector may at once resell the lot. If he think it necessary he may refuse to recognize any bid which is not supported by the deposit of the amount required by this Rule. Immediately a sale is made, it shall be entered in a Register in the form B annexed.

3. Every lot shall be compact, and shall include no more than one tract of land in a ring fence; and when the land touches a public road or a navigable river, the length of the road or river frontage shall not exceed one half the depth of the lot. No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The Survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If on completion of the Survey it shall appear that the area of the lot applied for exceeds the prescribed maximum the excess shall be excluded.

1. Applications for the purchase of waste land shall be made to the Collector of the District, and every application shall contain the following particulars --

1st. The estimated area of the land applied for.

2nd. The situation of the land and its boundaries as accurately as can be ascertained.

5. If the Collector be satisfied that the land applied for is available for purchase and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated he shall advertise the lot for sale on a given day at an upset price of not less than two Rupees eight annas an acre on the whole area. The Advertisement shall be published in the Collector's Office, in the Court of the principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situated.

6. If the Collector be satisfied as above, and if the land have not been surveyed, he shall cause it to be surveyed, and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. On the completion of the Survey the Advertisement of Sale shall be published as above.

7. The day of Sale to be named in the Advertisement shall not be less than thirty days from the date of publication, and the Sale shall be held at the Collector's Office. The Sale may be postponed if in the Collector's judgment it should be necessary, due notice being always given of the date on which the Sale will be held.

8. If before the day of Sale no claim of proprietary or occupative right in the land be preferred, the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price, if there be no higher bid.

H. Forms of Deed of Sale will be prepared and forwarded as soon as possible.

9. On payment of one-tenth of the purchase money, and of all expenses of survey, demarcation, advertisement and sale, the purchaser shall receive a Deed (in a form which will hereafter be issued by the Board of Revenue) signed by the Collector, conveying to him the lot, in full hereditary and transferable proprietary right, free for ever from all demand on account of Land Revenue, but subject nevertheless to all general taxes and local rates imposed by Law, and to any other claim, whether of the Government or otherwise, that may have been or may hereafter be established in any Court of competent jurisdiction.

10. If before the day of Sale a claim of proprietary or occupative right in any part of the land be preferred, the Collector shall investigate the claim, and, if satisfied that it is groundless, shall reject it and proceed with the Sale.

11. If on investigation any such claim should appear to be well grounded, the Collector may either reject the application for purchase of the lands or refer it for the orders of the Commissioner. In the former case the applicant may appeal to the Commissioner.

12. The Commissioner may direct the Collector either to reject the application or to proceed with the sale of the land either unreservedly on the conditions prescribed in Rule 9, or, if any claim to right of proprietorship, occupancy, or use in any part of the lands be established to the satisfaction of the Commissioner, with a special reservation of such right, or exclusive of the area in which such right exists. If the application for purchase of the land be rejected the amount deposited as cost of Survey will be forfeited.

13. On being put in possession of the lot the purchaser shall be bound to erect as many substantial boundary marks of masonry as the Collector may think necessary.

14. If the land be purchased by any person other than the applicant, the estimated cost of Survey deposited by the applicant shall be returned to him.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than ten per cent. at the time of sale, and the remainder in instalments at any future time not being more than ten years from the date of Sale. In the latter case simple interest at the rate of ten per cent. a year will be charged on the unpaid portion of the purchase money, and the whole lot will remain hypothecated as security for the full discharge of the amount including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale the lot will be put up to sale again on the same conditions as before and sold at the risk of the first purchaser, whose deposit will also be forfeited.

I. The interest due for any year or part of a year under this Rule shall be payable on or before the 15th of May, and if the amount be not paid on that date the Collector may realize the amount by sale of the lot under the Rules in force at the time being for the sale of Estates on account of arrears of Revenue due from other Estates. Any balance of the purchase money which may not have been paid up before the 15th of May of the tenth year following that of the Sale may be realized in the same manner as an arrear of interest outstanding on that date. The proceeds of the sale shall be applied in the first instance to the payment of the costs of sale, and to the satisfaction of the demand of Government, the surplus shall be payable to the late registered proprietor or proprietors on their joint receipt.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily, the upset price will be two Rupees eight annas an acre, but

immediately the application is made, submit a report for the orders of the Commissioner. From Darjeeling such reports will be made to the Board. In considering the upset price to be fixed, Collectors will not overlook the value of the trees on the land applied for.

**K.** The sum to be refunded will be calculated on the average price paid per acre, excluding the cost of Survey and Advertisement.

**L.** Tables illustrating the mode of computing the value of future payments will be issued hereafter.

**M.** The Report will be in the form of an extract of the entry from Register B. prescribed in Supplementary Rule G. above.

**N.** Until the list be published, District Officers will reserve all forest lands, that is lands on which valuable timber is growing.

**O.** All proceedings taken in conformity with the Resolution of 17th October 1861, will be recognized, and pending proceedings will be continued under the provisions of that Resolution. Where the application has only been made and registered, the next step will be the issue of the Advertisement required by paragraph 17 of the Resolution, if the Advertisement have already been issued, and the term of it have expired, the Collector will proceed to give the applicant a certificate of allotment under paragraph 18, unless others have come forward with offers to purchase the land, in which case the lot must be put up to Auction under paragraph 30 of the Resolution. In all such cases the sales will be regulated by the Rules laid down in the present Notification.

in special cases the Collector, with the sanction of the Commissioner, may put up a higher upset price on any lot, provided that the upset price of available waste lands shall in no case exceed ten Rupees an acre.

18. If it should at any time be found that the same land has been included in more than one lot, it shall be held to belong to the lot first sold, and all subsequent sales shall, as regards such land, become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots, the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

19. All grants of waste land already made for a term of years under previously existing rules, in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or their representatives may redeem the future Land Revenue of such grants or of any compact part of them in perpetuity for an amount equal to the present value of all future stipulated annual payments calculated at five per cent. interest, provided the said amount is not less than two Rupees eight annas an acre on the whole area of which the Revenue is redeemed.

20. All sales of waste land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in such form as the Board may direct, but no sale of waste lands once made by a Collector in conformity with these Rules will be disturbed by any higher executive authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near towns and stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes are not to be sold under these Rules without the express sanction of the Government. A list of these lands is under preparation by the Board of Revenue, and when it has been approved by the Government it will be published in the Gazette.

22. Lands for the purchase of which application has been made under the Resolution of the 17th October 1861 will, if such application were duly registered, be dealt with in accordance with the terms of the said Resolution, as far as the Law allows.

23. From and after the date of the promulgation of these Rules no fresh applications for grants of waste land under any previous Rules will be entertained.

H. L. DAVIES,  
Secretary.

## MARINE DEPARTMENT.

No. 528.

Port William, the 17th October 1862.

The following Rules for entering the Harbour of Port Blair are published for general information:—

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 47' East from Greenwich; it has a spacious and safe harbour extending a considerable distance inland, the entrance is fringed by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depôt of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of 1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to N. N. E. Magnetic, and atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys, inside of which it would not be prudent to anchor.

The South Channel formed between the South end of Ross Island and the Main, is narrow, and should not be attempted by Steamers or Sailing vessels in a strong fair wind.

"Sesotris Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S½ E. Magnetic, about three-fourths of a mile from the South end of Ross Island, it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth as the ground about is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy; and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally hangs well by the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained; and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

By Order,

JOHN G. REDDIE.

# TREATY of Commerce and Navigation between Her Majesty and the King of the Belgians.

Signed at London, July 23, 1862.

[Ratifications exchanged at London, August 30, 1862]

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland, and His Majesty the King of the Belgians, being equally animated by the desire to facilitate and extend the relations of commerce and navigation between their respective dominions, and being desirous, with a view to so beneficial an object, to remove the obstacles which impede the commercial relations between the two countries, have resolved to conclude a Treaty for that purpose, and have named as their Plenipotentiaries, that is to say :

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, the Right Honorable John Earl Russell, Viscount Amberley of Amberley and Aidsalla, a Peer of the United Kingdom, Knight of the Most Noble Order of the Garter, a Member of Her Britannic Majesty's Most Honourable Privy Council, Her Britannic Majesty's Principal Secretary of State for Foreign Affairs; and the Right Honourable Thomas Milner Gibson, a Member of Her Britannic Majesty's Most Honourable Privy Council, a Member of Parliament, and President of the Committee of Privy Council for Affairs of Trade and Foreign Plantations;

And His Majesty the King of the Belgians, the Sieur Sylvain Van de Weyer, His Envoy Extraordinary and Minister Plenipotentiary to Her Britannic Majesty, Grand Cross of the Order of Leopold, decorated with the Iron Cross, Grand Cross of the Order of Charles III of Spain, of the Order of the Ernestine Branch of Saxony, of the Tower and Sword, of St. Maurice and St. Lazarus, Commander of the Legion of Honour, &c.;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon the following Articles :—

SA Majesté la Reine du Royaume Uni de la Grande Bretagne et d'Irlande, et Sa Majesté le Roi des Belges, animés d'un égal désir de faciliter et d'étendre les rapports de commerce et de navigation entre leurs Etats respectifs; et voulant, pour arriver à un but si utile, faire disparaître les obstacles qui entravent les relations commerciales entre les deux pays, ont résolu de conclure un Traité à cet effet, et ont nommé pour leurs Plénipotentiaires, savoir :

Sa Majesté la Reine du Royaume Uni de la Grande Bretagne et d'Irlande, le Très Honorable Jean Comte Russell, Vicomte Amberley de Amberley et Aidsalla, Pair du Royaume Uni, Chevalier du Très Noble Ordre de la Jarretière, Membre du Très Honorable Conseil Privé de Sa Majesté Britannique, Principal Secrétaire d'Etat de Sa Majesté Britannique pour les Affaires Etrangères; et le Très Honorable Thomas Milner Gibson, Membre du Très Honorable Conseil Privé de Sa Majesté Britannique, Membre du Parlement, et Président du Comité du Conseil Privé pour les Affaires de Commerce et des Colonies :

Et Sa Majesté le Roi des Belges, le Sieur Sylvain Van de Weyer, Son Envoyé Extraordinaire et Ministre Plénipotentiaire près Sa Majesté Britannique, Grand-Croix de l'Ordre de Léopold, décoré de la Croix de Fer, Grand-Croix de l'Ordre de Charles III d'Espagne, de l'Ordre de la Branche Ernestine de Saxe, de la Tour et de l'Epee, de St. Maurice et St. Lazare, Commandeur de la Légion d'Honneur, &c. ;

Lesquels, après s'être réciproquement communiqué leurs pleins pouvoirs respectifs, trouvés en bonne et due forme, sont convenus des Articles suivants :—

ARTICLE I.

There shall be reciprocal liberty of commerce between all the dominions and possessions of the two High Contracting Parties; and the subjects of each of them shall, throughout the whole extent of the territories and possessions of the other, enjoy the same rights, privileges, liberties, favours, immunities, and exemptions, in matters of commerce and navigation, which are or may be enjoyed by native subjects.

ARTICLE II.

The subjects of one of the two High Contracting Parties residing in the dominions of the other, shall have the same liberty as native subjects to manage their own affairs themselves, or to commit them to the management of any other persons, as brokers, factors, agents, or interpreters. They shall not be restrained in their choice, and shall not be obliged to pay any salary or remuneration to any person whom they shall not choose to employ in those capacities, buyers and sellers being at perfect liberty to bargain together, and to fix the price of any goods or merchandize imported or destined for exportation, on condition of observing the regulations and the Customs laws of the country.

ARTICLE III.

In all that relates to navigation and commerce, the High Contracting Parties shall not grant any privilege, favour, or immunity to any other country, which shall not be also and immediately extended to their respective subjects.

ARTICLE IV.

ARTICLE V.

No duties of tonnage, harbour, light-house, pilotage, quarantine, or other similar or corresponding duties, of whatever nature or under whatever denomination, levied for the profit or in the name of the Government, public functionaries, *communes*, corporations, or establishments of whatever kind, shall be imposed in the ports of either country, upon the vessels of the other country, from whatever port or place arriving, which shall not be equally imposed in the like cases on national vessels.

ARTICLE VI.

In all that regards the stationing, the loading, and unloading of vessels in the ports, basins, docks, roadsteads, harbours, or rivers of the two countries, no privilege shall be granted to national vessels, which shall not be equally granted to vessels of the other country; the intention of the High Contracting Parties being, that in this respect also the respective vessels shall be treated on the footing of perfect equality.

ARTICLE VII.

British vessels entering a port of Belgium, and reciprocally, Belgian vessels entering a port of Great Britain or of the British Possessions, and desiring to discharge only a part of their cargo, may, subject to compliance with the laws and regulations of the respective countries, retain on

ARTICLE I.

Il y aura liberté réciproque de commerce entre tous les Etats et possessions des deux Hautes Parties Contractantes; et les sujets de chacune d'elles, dans toute l'étendue des territoires et possessions de l'autre jouiront des mêmes droits, privilèges, libertés, faveurs, immunités, et exemptions, en matière de commerce et de navigation, dont jouissent ou jouiront les nationaux.

ARTICLE II.

Les sujets de l'une des Hautes Parties Contractantes résidant dans les Etats de l'autre, seront respectivement libres de régler, comme les nationaux, leurs affaires par eux-mêmes, ou de les confier aux soins de toutes autres personnes, telles que courtiers, facteurs, agents, ou interprètes. Ils ne pourront être contraincts dans leur choix, et ils ne seront tenus à payer aucun salaire ni aucune retribution à ceux qu'ils n'auront pas jugé à propos d'employer à cet effet, étant absolument facultatif aux vendeurs et acheteurs de contracter ensemble leur marché, et de fixer le prix de toutes denrées ou marchandises importées ou destinées à l'exportation, sous la condition de se conformer aux réglemens et aux lois des douanes du pays.

ARTICLE III.

En tout ce qui concerne la navigation et le commerce, les Hautes Parties Contractantes ne pourront accorder aucun privilège, faveur, ou immunité à un autre Etat, qui ne soit aussi et à l'instant étendu à leurs sujets respectifs.

ARTICLE IV.

Tous les navires qui, d'après les lois de la Grande Bretagne, sont considérés comme navires Britanniques, et tous les navires qui, d'après les lois de la Belgique sont considérés comme navires Belges, sont déclarés respectivement navires Britanniques et navires Belges.

ARTICLE V.

Aucun droit de tonnage, de port, de phare, de pilotage, de quarantaine, ou autres droits semblables ou équivalents, de quelque nature ou sous quelque dénomination que ce soit, perçu au profit ou au nom du Gouvernement, des fonctionnaires publics, des communes, corporations, ou établissemens quelconques, ne sera imposé dans les ports de chacun des deux pays sur les navires de l'autre nation, arrivant d'un port ou endroit quelconque, qui ne soit pas également imposé en pareil cas sur des navires nationaux.

ARTICLE VI.

En tout ce qui concerne le placement des navires, leur chargement et leur déchargement dans les ports, basins, docks, rades, havres, ou rivières des deux Etats, il ne sera accordé aucun privilège aux navires nationaux, qui ne le soit également à ceux de l'autre Etat; la volonté des Hautes Parties Contractantes étant que, sous ce rapport aussi, les bâtimens respectifs soient traités sur le pied d'une parfaite égalité.

ARTICLE VII.

Les navires Britanniques entrant dans un port de Belgique, et réciproquement les navires Belges entrant dans un port de la Grande Bretagne ou de ses Possessions, et qui n'y voudraient décharger qu'une partie de leur cargaison, pourront, en se conformant toutefois aux lois et réglemens des

board that part of the cargo which is destined for another port, whether in the same country or in any other country, and may re-export the same, without being compelled to pay, upon such returned part of their cargo, any duty of Customs save those for warehousing, which, of course, shall be levied only at the rate fixed for national vessels.

#### ARTICLE VIII

Goods of every kind which are or may be legally importable into the ports of the United Kingdom of Great Britain and Ireland, its Colonies and Possessions, in British vessels, may likewise be imported into such ports in Belgian vessels, without being liable to other or higher duties of whatever denomination than if such goods were imported in national vessels.

Reciprocally goods of every kind which are or may be legally importable into the ports of Belgium in Belgian vessels may likewise be imported into such ports in British vessels, without being liable to other or higher duties, of whatever denomination than if such goods were imported in national vessels.

#### ARTICLE IX

Goods of every kind which may be exported either from Belgium by British vessels, or from Great Britain and the British Possessions by Belgian vessels, for whatever destination, shall not be liable to any other duties or formalities on departure than if they were exported in national vessels, and they shall enjoy, under either flag, all bounties and drawbacks, or other favours, which are or may be granted in each of the two countries to national vessels.

#### ARTICLE X

During the period allowed by the laws of the two countries for the warehousing of goods, no other duties than those for custody and storage shall be levied upon articles imported from one of the two countries into the other, until they shall be removed for transit, re-exportation, or internal consumption.

In no case shall such articles pay higher duties, or be liable to other formalities, than if they had been imported under the national flag, or from the most favoured country.

#### ARTICLE XI

Goods of every kind coming from or going to either of the two countries shall reciprocally be exempted from all transit duty.

The prohibition in regard to gunpowder is, however, maintained, and the two High Contracting Parties reserve to themselves to subject the transit of arms of war to special authorizations.

The treatment of the most favoured nation is reciprocally guaranteed to each of the two countries in all that concerns transit and warehousing.

Etats respectifs, conserver à leur bord la partie de cargaison qui serait destinée à un autre port, soit du même pays, soit d'un autre, et la ré-exporter, sans être astreints à payer pour cette dernière partie de leur cargaison aucun droit de douane, sauf ceux de surveillance, lesquels, d'ailleurs, ne pourraient naturellement être perçus qu'au taux fixé pour la navigation nationale.

#### ARTICLE VIII

Les marchandises de toute espèce dont l'importation dans les ports du Royaume Uni de la Grande-Bretagne et d'Irlande, ses Colonies et Possessions, est ou sera légalement permise sur des bâtiments Britanniques, pourront également y être importées sur des bâtiments Belges, sans être assujetties à l'autre ou de plus forts droits, de quelque denomination que ce soit, que si les mêmes marchandises étaient importées sur des bâtiments nationaux.

Reciprocement les marchandises de toute espèce dont l'importation dans les ports de Belgique est ou sera légalement permise sur des bâtiments Belges, pourront également y être importées sur des bâtiments Britanniques, sans être assujetties à l'autre ou de plus forts droits, de quelque denomination que ce soit, que si les mêmes marchandises étaient importées sur des bâtiments nationaux.

#### ARTICLE IX

Les marchandises de toute nature qui seront exportées de Belgique par navires Britanniques, ou de la Grande-Bretagne et de ses Possessions par navires Belges, pour quelque destination que ce soit, ne seront pas assujetties à d'autres droits ni formalités de sortie que si elles étaient exportées par navires nationaux, et elles jouiront, sous l'un et l'autre pavillon, de toutes primes ou restitutions de droits, ou autres faveurs, qui sont ou seront accordées, dans chacun des deux pays, à la navigation nationale.

#### ARTICLE X

Pendant le temps fixé par les lois des deux pays respectivement pour l'entrepôtage des marchandises, il ne sera perçu aucuns droits autres que ceux de garde et d'immagasinage sur les objets importés de l'un des deux pays dans l'autre, en attendant leur transit, leur ré-exportation, ou leur mise en consommation.

Ces objets, en aucun cas, ne paieront de plus forts droits, et ne seront assujettis à d'autres formalités, que s'ils avaient été importés sous pavillon national, ou provenaient du pays le plus favorisé.

#### ARTICLE XI

Les marchandises de toute nature venant de l'un des deux Etats, ou y allant, seront réciproquement exemptes, dans l'autre Etat, de tout droit de transit.

Toutefois, la prohibition est maintenue pour la poudre à tirer; et les deux Hautes Parties Contractantes se réservent de soumettre à des autorisations spéciales le transit des armes de guerre.

Le traitement de la nation la plus favorisée est réciproquement garanti à chacun des deux pays pour tout ce qui concerne le transit et l'entrepôtage.

ARTICLE XII.

With regard to the coasting trade, it is agreed between the High Contracting Parties that the subjects and vessels of each of them shall, in the dominions and possessions of the other, enjoy the same privileges, and be treated in all respects on the same footing, as national subjects and vessels.

With regard to the coasting trade in the Colonies, the stipulations of the present Article shall be applicable only to the coasting trade of such of the Colonies of Her Britannic Majesty as have applied or shall hereafter apply, in conformity with the Acts of Parliament which govern this matter, that their coasting trade may be open to foreign vessels.

ARTICLE XIII.

The regulations established for goods imported from France into Belgium by Articles XVIII to XXVI inclusive, of the Treaty of Commerce concluded between the two countries on the 1st of May 1861, shall equally apply in Belgium to the same goods imported from Great Britain and its Possessions.

With regard to pure or mixed tissues, taxed *ad valorem*, the valuation of which in the ports may appear to the Belgian Government to present difficulties, the Belgian Government reserves to itself the power to designate the Custom-house of Brussels exclusively for the admission of such goods.

ARTICLE XIV.

Neither of the two High Contracting Parties shall impose upon goods the produce or manufacture of the other party, other or higher duties of importation than such as are or may be imposed upon the same goods the produce of any other foreign country.

Each of the two Parties engages to extend to the other any favour or privilege, or reduction in the Tariff of duties of importation or exportation, on articles mentioned, or not mentioned, in the present Treaty, which either of them may grant to any third Power. They engage, moreover, not to establish against each other any duty or prohibition of importation or exportation, which shall not, at the same time, be applicable to all other nations.

It is further agreed that if sea salt refined in Belgium should obtain a deduction of more than seven per cent. from the general duty of excise, British salt refined in Belgium shall enjoy, at the same moment, a deduction from the excise which shall not be inferior by more than seven per cent. to the deduction granted to sea salt.

ARTICLE XV.

Articles the produce or manufacture of Belgium shall not be subject in the British Colonies to other or higher duties than those which are or may be imposed upon similar articles of British origin.

ARTICLE XVI.

The subjects of one of the High Contracting Parties shall enjoy, in the dominions of the other, the same protection as native subjects in all that relates to property in trade marks, as well as in industrial and manufacturing patterns and models of every description.

ARTICLE XII.

En ce qui concerne le cabotage, il est convenu entre les Hautes Parties Contractantes que les sujets et les navires de chacune d'elles jouiront, dans les Etats et possessions de l'autre, des mêmes privilèges, et seront traités à tous égards sur le même pied, que les sujets et les navires nationaux.

En ce qui concerne le cabotage dans les Colonies les stipulations du présent Article ne seront applicables qu'au cabotage de celles d'entre les Colonies de Sa Majesté Britannique qui ont demandé ou qui demanderont ultérieurement, conformément aux Actes du Parlement qui régissent cette matière, que leur cabotage soit ouvert aux navires étrangers.

ARTICLE XIII.

Les règles consacrées pour les marchandises importées de France en Belgique, par les Articles XVIII à XXVI inclus, du Traité de Commerce conclu entre ces deux Etats le 1er Mai 1861, s'appliqueront également en Belgique aux mêmes marchandises importées de la Grande Bretagne et de ses Possessions.

A l'égard des tissus purs ou mélangés, taxés à la valeur, dont l'estimation dans les ports lui paraîtrait présenter des difficultés, le Gouvernement Belge se réserve la faculté de désigner exclusivement la Douane de Bruxelles pour l'admission de ces marchandises.

ARTICLE XIV.

Ni l'une ni l'autre des deux Hautes Parties Contractantes n'imposera sur les marchandises provenant du sol ou de l'industrie de l'autre partie, d'autres ni de plus forts droits d'importation que ceux qui sont ou seront imposés sur les mêmes marchandises provenant de tout autre Etat étranger.

Chacune des deux Parties s'engage à faire profiter l'autre de toute faveur, de tout privilège, ou abaissement dans les Tarifs des droits à l'importation ou à l'exportation des articles mentionnés ou non dans le présent Traité, que l'une d'elles pourrait accorder à une tierce Puissance. Elles s'engagent, en outre, à n'établir l'une envers l'autre aucun droit ou prohibition d'importation ou d'exportation qui ne soit en même temps applicable aux autres nations.

Il est convenu, enfin que si les sels marins raffinés en Belgique venaient à obtenir une déduction de plus de sept pour cent du droit général de l'accise le sel Britannique raffiné en Belgique jouira, à l'instant même, d'une déduction de l'accise qui ne pourra être inférieure de plus de sept pour cent à la déduction accordée aux sels marins.

ARTICLE XV.

Les produits d'origine ou de manufacture Belge ne seront pas grevés dans les Colonies Britanniques d'autres ou de plus forts droits que ceux qui frappent ou frapperont les produits similaires originaires de la Grande Bretagne.

ARTICLE XVI.

Les sujets de l'une des Hautes Parties Contractantes jouiront, dans les Etats de l'autre, de la même protection que les nationaux, pour tout ce qui concerne la propriété des marques de fabrique ou de commerce, ainsi que des dessins ou modèles industriels et de fabrique de toute espèce.

The exclusive right to make use of an industrial or manufacturing pattern or model shall not, with regard to British subjects in Belgium, and reciprocally with regard to Belgian subjects in Great Britain, have a duration longer than that fixed by the law of the country for native subjects.

If the industrial or manufacturing pattern or model is open to the public in the country of origin, it cannot be made the subject of an exclusive right in the other country.

The provisions of the two preceding paragraphs are applicable to trade marks.

The rights of subjects of one of the High Contracting Parties in the dominions of the other are not subject to the condition that the models or patterns shall be worked there.

The present Article shall not be put into operation in either country, with regard to such models or patterns, until the expiration of a year from the date of the signature of the present Treaty.

#### ARTICLE XVII.

Belgian subjects shall not have the right to claim in Great Britain exclusive property in a mark, model, or pattern, unless they shall have previously complied with the regulations, if any, which are or may be in force for the deposit at London, by British subjects, of marks, models, or patterns.

Reciprocally, British subjects shall not have the right to claim in Belgium exclusive property in a mark, model, or pattern, unless they shall have previously complied with the laws and regulations on those subjects which are or may be in force in Belgium.

#### ARTICLE XVIII.

Each of the High Contracting Parties shall have the right to name Consuls for the protection of trade in the dominions and territories of the other Party; and the Consuls who may be so appointed shall enjoy, within the territories of each Party, all the privileges, exemptions, and immunities which are or may be granted in those territories to Agents of the same rank and character appointed by or authorized to act for the Government of the most favoured nation.

Before any Consul can act as such, he must, however, in the usual form, be approved and admitted by the Government of the country to which he is sent; and each of the two High Contracting Parties shall have the right to except from the residence of Consuls any particular places which either of them may judge proper to be excepted.

#### ARTICLE XIX.

If any vessel of war or merchant-vessel of either of the two countries should be wrecked upon the coasts of the other, such vessel, or any parts thereof, and all furniture and appurtenances belonging thereunto, as well as all goods and merchandize which shall be saved therefrom, or the proceeds thereof, if sold, shall be restored to the proprietors or to their agents, on being claimed by them. In case there should be no such proprietors or agents upon the spot, the said articles and goods, or the proceeds thereof, as well as all the papers found on board of any such vessel, shall be delivered to the British or Belgian Consul in whose district the wreck shall have taken place; and such Consul, proprietors, or agents shall

Le droit exclusif d'exploiter un dessin ou modèle industriel ou de fabrique ne peut avoir, au profit des sujets Britanniques en Belgique, et réciproquement au profit des Belges dans la Grande Bretagne, une durée plus longue que celle fixée par la loi du pays à l'égard des nationaux.

Si le dessin ou modèle industriel ou de fabrique appartient au domaine public dans le pays d'origine, il ne peut être l'objet d'une jouissance exclusive dans l'autre pays.

Les dispositions des deux paragraphes qui précèdent sont applicables aux marques de fabrique ou de commerce.

Les droits des sujets de l'une des Hautes Parties Contractantes dans les Etats de l'autre ne sont pas subordonnés à l'obligation d'y exploiter les modèles ou dessins industriels ou de fabrique.

Le présent Article ne recevra son exécution, dans l'un et l'autre pays, à l'égard des modèles ou dessins industriels ou de fabrique, qu'à l'expiration d'une année à dater du jour de la signature du présent Traité.

#### ARTICLE XVII.

Les Belges ne pourront revendiquer dans la Grande Bretagne la propriété exclusive d'une marque, d'un modèle, ou d'un dessin, s'ils ne se sont préalablement conformés aux règlements, s'il en est, qui sont ou seront en vigueur pour le dépôt à Londres, par les sujets Britanniques, des marques, modèles, ou dessins.

Réciproquement, les sujets Britanniques ne pourront revendiquer en Belgique la propriété exclusive d'une marque, d'un modèle, ou d'un dessin, s'ils ne se sont préalablement conformés aux lois et aux règlements sur cette matière qui sont ou seront en vigueur en Belgique.

#### ARTICLE XVIII.

Chacune des Hautes Parties Contractantes aura le droit de nommer des Consuls pour la protection du commerce dans les Etats ou territoires de l'autre partie; et les Consuls qui seront nommés ainsi, jouiront dans les territoires de chaque Partie de tous les privilèges, exemptions, et immunités qui sont ou pourront être accordés dans ces Etats aux Agents du même rang et caractère nommés ou autorisés par le Gouvernement de la nation la plus favorisée.

Avant que quelque Consul puisse agir comme tel, il devra être approuvé et admis dans les formes usitées par le Gouvernement auprès duquel il est envoyé; et chacune des Hautes Parties Contractantes aura la faculté d'excepter de la résidence des Consuls tels endroits spéciaux que chacune d'elles pourra juger à propos d'excepter.

#### ARTICLE XIX.

S'il arrivait que quelque vaisseau de guerre ou navire marchand de l'un des deux Etats fit naufrage sur les côtes de l'autre, ce bâtiment ou ses parties ou débris, ses agrès, et tous les objets qui y appartiendraient, ainsi que tous les effets et marchandises que en auront été sauvés, ou le produit de leur vente, en seront rendus aux propriétaires ou à leurs ayants-droits sur leur réclamation. Dans le cas où ceux-ci se trouveraient absents, les dits objets, marchandises, ou leur produit, seront consignés, ainsi que tous les papiers trouvés à bord de ce bâtiment, au Consul Britannique ou Belge dans le district duquel le naufrage aura eu lieu, et il ne sera exigé, soit du Consul, soit des propriétaires en

not be called upon to pay any charge but the expenses incurred in the preservation of the property, and the same rate of salvage which would be equally payable, under the like circumstances, by a national vessel. The goods and merchandize saved from the wreck shall not be subject to the established duties, unless cleared for consumption.

#### ARTICLE XX.

The British flag shall continue to enjoy in Belgium the re-payment of the Scheldt Toll so long as the Belgian flag shall enjoy the same.

#### ARTICLE XXI.

From and after, at latest, the day on which the capitalization of the Scheldt Toll shall be effected by a general arrangement,—

1. The tonnage duty imposed in Belgian ports shall cease to be levied;

2. The pilotage duties in Belgian ports and in the Scheldt, so far as depends upon Belgium, shall undergo a reduction—

Of 20 per cent. for sailing vessels;

Of 25 per cent. for vessels towed;

Of 30 per cent. for steam-vessels.

3. The system of local taxes imposed by the city of Antwerp shall be throughout diminished.

#### ARTICLE XXII.

As a temporary exception to the stipulations of Article XIV, and for the space of two years from the 1st of October 1862, the new system shall be applied in the following manner to certain articles of British origin hereinafter enumerated:—

Cotton yarns twisted, warped, or dyed, shall pay the duties imposed upon single yarns unbleached or bleached, with an addition of five centimes for twisted yarns, ten centimes for warped yarns, and fifteen centimes for dyed yarns, per kilogramme.

The duty on stuff of wool mixed with cotton shall be twenty-two and a half per cent. until the 1st of October 1863, and twenty per cent. until the 1st of October 1864. During the continuance of the transitory system the importer may, at his choice, pay either one hundred and eighty francs the hundred kilogrammes, or the duties stipulated above.

The duty upon printed cotton tissues shall be one hundred and fifty francs the hundred kilogrammes.

#### ARTICLE XXIII.

It is understood that in case the present duty on the importation of foreign spirits should be maintained in the British Tariff, the Article relative to spirits which is contained in the Treaty concluded between Belgium and France on the 1st of May 1861, shall not be applied to British spirits, so far as regards the reductions therein stipulated, until the 1st of October 1865.

#### ARTICLE XXIV.

The Ionian Islands being under the protection of Her Britannic Majesty, the subjects and vessels of those islands shall enjoy, in the dominions of His Majesty the King of the Belgians, all the advantages which are granted to the subjects and vessels of Great Britain by the present Treaty, as soon as the Government of the Ionian Islands shall have agreed to grant to the subjects and vessels of His Majesty the King of the Belgians the same advantages which are granted in those islands to

ayant-droits, que le paiement des dépenses faites pour la conservation de la propriété, et les mêmes droits de sauvetage ou autres qui seraient également payés, en pareille circonstance, par un bâtiment national. Les marchandises et effets sauvés du naufrage ne seront assujetties aux droits établis, qu'autant qu'ils seraient déclarés pour la consommation.

#### ARTICLE XX.

Le pavillon Britannique continuera à jouir en Belgique du remboursement du péage de l'Escaut, tant que le pavillon Belge en jouira lui-même.

#### ARTICLE XXI.

A partir, au plus tard, du jour où la capitalisation du péage de l'Escaut sera assurée par un arrangement général,—

1. Le droit de tonnage prélevé dans les ports Belges cessera d'être perçu.

2. Les droits de pilotage dans les ports Belges et dans l'Escaut, en tant qu'il dépendra de la Belgique, seront réduits—

De 20 pour cent pour les navires à voiles;

De 25 pour cent pour les navires remorqués;

De 30 pour cent pour les navires à vapeur.

3. Le régime des taxes locales imposées par la ville d'Anvers sera, dans son ensemble, dégrevé.

#### ARTICLE XXII.

Par dérogation provisoire à l'Article XIV, et pendant deux années à partir du 1er Octobre 1862, le nouveau régime sera appliqué de la manière suivante aux produits d'origine Britannique ci-après dénommés:—

Les fils de coton tors, ourdis, ou teints, paieront les droits afférents aux fils simples, écrus ou blanchis, augmentés de cinq centimes pour les fils tors, de dix centimes pour les fils ourdis, et de quinze centimes pour les fils teints, par kilogramme.

Le droit sur les étoffes de laine mélangées de coton sera de vingt-deux et demi pour cent jusqu'au 1er Octobre 1863, et de vingt pour cent jusqu'au 1er Octobre 1864. Pendant la durée du régime transitoire, l'importateur pourra, à son choix, payer cent quatre-vingts francs par cent kilogrammes, ou les droits stipulés ci-dessus.

Le droit sur les tissus de coton imprimés sera de cent cinquante francs par cent kilogrammes.

#### ARTICLE XXIII.

Il est entendu que, dans le cas où le droit actuel sur l'importation des alcools serait maintenu dans le Tarif Anglais, l'Article relatif aux alcools contenu dans le Traité conclu entre la Belgique et la France le 1er Mai 1861, ne recevra son application aux alcools Anglais, dans les réductions qu'il stipule, qu'au 1er Octobre 1865.

#### ARTICLE XXIV.

Les Iles Ioniennes se trouvant sous la protection de Sa Majesté Britannique, les sujets et les navires de ces Iles jouiront, dans les Etats de Sa Majesté le Roi des Belges, de tous les avantages qui sont accordés aux sujets et aux navires de la Grande Bretagne par le présent Traité, aussitôt que le Gouvernement des Iles Ioniennes sera convenu d'accorder aux sujets et aux navires de Sa Majesté le Roi des Belges les mêmes avantages qu'il accorde, dans ces Iles, aux sujets

the subjects and vessels of Her Britannic Majesty: it being understood, that in order to prevent abuses, every Ionian vessel claiming the benefits of that Treaty shall be furnished with a patent signed by the Lord High Commissioner of Her Britannic Majesty, or by his representative.

ARTICLE XXV.

The present Treaty shall continue in force for ten years dating from the tenth day after the exchange of the ratifications. In case neither of the two High Contracting Parties should have notified, twelve months before the end of the said period, its intention to terminate the Treaty, it shall remain in force until the expiration of a year dating from the day on which either of the High Contracting Parties shall have given notice for its termination.

The High Contracting Parties reserve to themselves the right to introduce into the Treaty, by common consent, any modifications which may not be at variance with its spirit or principles and the utility of which may be shown by experience.

ARTICLE XXVI.

From and after the date fixed by the preceding Article, the Treaty of Commerce and Navigation of the 27th of October 1851, shall cease to be in force.

ARTICLE XXVII.

The present Treaty shall be ratified, and the ratifications shall be exchanged at London before the first day of September one thousand eight hundred and sixty-two.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

Done in duplicate at London, the twenty-third day of July, in the year of Our Lord one thousand eight hundred and sixty-two.

et aux navires de Sa Majesté Britannique; bien entendu toutefois que pour prévenir des abus, tout navire Ionien qui sera dans le cas de réclamer les bienfaits de ce Traité sera muni d'une patente signée par le Lord Haut Commissaire de Sa Majesté Britannique, ou par celui qui le représente.

ARTICLE XXV.

Le présent Traité restera en vigueur pendant dix années à partir du dixième jour après l'échange des ratifications. Dans le cas où aucune des deux Hautes Parties Contractantes n'aurait notifié, douze mois avant la fin de la dite période, son intention d'en faire cesser les effets, le Traité demeurera obligatoire jusqu'à l'expiration d'une année, à partir du jour où l'une ou l'autre des Hautes Parties Contractantes l'aura dénoncé.

Les Hautes Parties Contractantes se réservent la faculté d'introduire, d'un commun accord, dans ce Traité, toutes modifications qui ne seraient pas en opposition avec son esprit ou ses principes, et dont l'utilité serait démontrée par l'expérience.

ARTICLE XXVI.

A partir de l'époque fixée à l'Article précédent, le Traité de Commerce et de Navigation du 27 Octobre 1851, sera hors de vigueur.

ARTICLE XXVII.

*Protocol of Conference held at the Foreign Office, July 23, 1862, between the Plenipotentiaries of Great Britain and of Belgium.*

THE Plenipotentiaries of Her Britannic Majesty and of His Majesty the King of the Belgians, in proceeding to the signature of the Treaty of Commerce and Navigation between their august Sovereigns, place upon record that they have agreed upon the following points:—

1. That the declarations relative to the arrest of seamen deserters, dated the 4th of January 1855, and the Order in Council bearing date the 8th of February, 1855, and published in the "London Gazette," of the 13th of February, shall continue in force and validity, as if they had been inserted in the said Treaty.

2. That although the Fishery Convention concluded on the 22nd of March 1852, between Her Britannic Majesty and His Majesty the King of the Belgians, is provisionally maintained, it is under the reservation made by the Government of His Majesty the King of the Belgians, that they will again bring forward, in a future negotiation, the proposition relative to the reciprocal permission to fish within the marine territorial limit.

*Protocole d'une Conférence tenue au Foreign Office, le 23 Juillet 1862, entre les Plénipotentiaires de la Grande Bretagne et de Belgique.*

LES Plénipotentiaires de Sa Majesté Britannique et de Sa Majesté le Roi des Belges, en procédant à la signature du Traité de Commerce et de Navigation entre leurs augustes Souverains, constatent qu'ils sont tombés d'accord sur les points suivants:—

1. Que les déclarations relatives à l'arrestation des marins-déserteurs datées du 4 Janvier 1855, et l'Ordre en Conseil daté du 8 Février 1855, et publié dans la Gazette de Londres du 13 Février continueront à avoir force et valeur, comme s'ils eussent été insérés au dit Traité

2. Que, si la Convention de Pêche conclue le 22 Mars 1852, entre Sa Majesté Britannique et Sa Majesté le Roi des Belges, est provisoirement maintenue, c'est sous la réserve faite par le Gouvernement de Sa Majesté le Roi des Belges qu'il reproduira, dans une subséquente négociation, la proposition relative à la faculté réciproque de pêcher dans les limites de la mer territoriale.

In maintaining the said Convention concluded on the 22nd of March 1852, an exception to the stipulations of the Treaty of Commerce and Navigation signed this day, is made in so far as regards the advantages which are or may be given in either country to the produce of national fishery.

3. With regard to sugar, the Government of His Majesty the King of the Belgians reserve to themselves to renew their proposition that an agreement should be come to between Great Britain, Belgium, France, the Zollverein, and the Netherlands, for respectively bringing the duties upon raw and refined sugars imported from any one of those countries into the others to an equality with the taxes imposed upon the same productions of national origin, and for terminating simultaneously in those five countries the system of bounties on the exportation of sugar.

The Belgian Government rely upon the support and co-operation of the Government of Her Britannic Majesty for this purpose.

(Signed) RUSSELL.  
THOS. MILNER GIBSON.  
SYLVAIN VAN DE WEYER.

Il est fait exception, en maintenant la dite Convention conclue le 22 Mars 1852, aux stipulations du Traité de Commerce et Navigation conclu aujourd'hui, en ce qui concerne les avantages dont les produits de la pêche nationale sont ou pourront être l'objet dans l'un ou l'autre pays.

3. En ce qui concerne les sucres, le Gouvernement de Sa Majesté le Roi des Belges se réserve de revenir sur la proposition tendante à établir un accord entre la Grande Bretagne, la Belgique, la France, le Zollverein, et les Pays-Bas, pour ramener respectivement les droits sur les sucres bruts et raffinés, importés de l'un de ces Etats dans les autres, au niveau des taxes imposées aux mêmes produits de fabrication nationale, et pour faire cesser simultanément dans ces cinq pays le régime des primes à l'exportation des sucres.

Pour atteindre ce but, le Gouvernement Belge compte sur l'appui et le concours du Gouvernement de Sa Majesté Britannique.

## MARINE DEPARTMENT.

V. 514

Fort Wadum, the 17th October 1862

The following Rules for entering the Harbour of Port Blair are published for general information —

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude  $11^{\circ} 13'$  North, and Longitude  $92^{\circ} 17'$  East from Greenwich, it has a spacious and safe harbour extending a considerable distance inland, the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depôt of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of  $1\frac{1}{2}$  miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main, is narrow, and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesostris Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S½ E. Magnetic, about three-fourths of a mile from the South end of Ross Island, it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth as the ground about is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy; and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained; and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

*Camp Nynee Tal, 21st October 1862.*

With the sanction of His Excellency the Governor General in Council the following Rules are published for information:—

*Rules relating to the registration of Letters sent through the Post Office.*

By the payment of a fee of four annas in addition to the ordinary postage, both of which

must be prepaid in Stamps, any Letter, Newspaper, Pamphlet or Book may be registered to any place under the Government of India, or in the United Kingdom and Colonies.

2. Information regarding the Foreign Countries to which letters can be registered, and the conditions thereof, will be found in the “Steam Postage Schedule for the Post Office in India.”

3. Letters intended to be registered must be brought to the Post Office at least half an hour before the time fixed for closing the Mail,—if brought after that time they will be stamped “too late” and retained for the following Mail.

4. A Post Master or other Official on being applied to register a letter will grant a receipt and retain a copy on the counterpart of the Cheque Book for the purpose, the dated Office Stamp should be affixed to the receipt and also to the copy.

5. So soon as a letter is registered the postage labels thereon should be defaced, and the special Stamp “Registered” should be affixed, the address and weight should then be entered in the yellow cover, after which the letter and cover should be folded up together and placed under lock and key until the time for closing the Mail.

6. On opening a Mail Packet the Post Master should carefully examine the registered letters, and compare the weight of each, with the entries thereof in the Chudan and yellow cover, the Office dated Stamp should then be affixed to them and also to the yellow cover, after which they should be disposed of as prescribed in the Rules for opening and distributing the Mail.

7. In disposing of a registered letter care must be taken to ensure proof of transfer by each Official through whose hands it passes from the time of receipt to that of delivery, an acknowledgment must therefore be taken by initials or otherwise from each person into whose hands it may be given for *collection, despatch, or delivery.*

8. On delivery of a registered letter the Postman should obtain the signature of the addressee on the yellow cover, the “original” receipt will be retained in the Delivery Office, and the “duplicate” returned to the Office of Despatch by the first Mail.

9. The “duplicate” receipt on being returned should be pasted to the counterpart in the Cheque Book, when not received back within the proper time it should be called for, and a note of the requisition made on the duplicate receipt.

10. On a registered letter having to be re-directed, the duplicate portion of the yellow cover should be receipted and returned to the Office of Despatch, with a remark shewing the Office to which it has been forwarded.

11. When a registered letter cannot be delivered, it should be forwarded, without delay, together with the original yellow cover, to the Office of Despatch, in view to be returned to the sender, and, if he cannot be found, it should be sent to the Dead Letter Office.

12. When a registered letter is found to be missing, the Post Master must immediately submit a full and clear report of the circumstance to the Inspecting Post Master and Post Master General, and also to the Office of Despatch, in view to a searching enquiry being at once instituted to ascertain *where and how* it disappeared.

13. The Post Master General will, without delay, bring to the notice of the Director General the loss, or theft, of a registered letter, and on completion of the enquiry instituted thereon report the result.

14. By Section 49 of the Postal Act, Government does not guarantee and is not responsible for the safety of a registered letter, but any Official through whose neglect it may be lost or made away with will be called to strict account and may be required to make good any loss.

15. Registration makes the transmission of a letter more secure by rendering it practicable to trace it from one Official to another. If, therefore, by neglect of prescribed precautions it is lost or made away with, the Officials of the Post Office will have no ground for complaint if held responsible for the consequences of their neglect.

16. As registration does not involve a receipt for the contents of a letter, and as abstraction thereof may take place before, as well as after the cover is posted, and even after delivery, it is recommended that the addressee who expects valuable enclosures should, at the time of granting a receipt, open the letter in the presence of the Postman.

17. A letter containing Bank Notes, Postage Stamps, or other valuable articles, should, as a rule, be registered and should be securely folded or enclosed in a substantial envelope and always sealed with wax, in order to prevent, as far as possible, its being tampered with.

N. B.—A letter is not ordinarily of importance to any person excepting the addressee, but if valuable articles are enclosed the case is otherwise, and temptation is thrown in the way of the numerous persons at the Post Office through whose hands it passes. Hence the precaution of registering such letters is recommended.

G. PATON,  
Director-General of the Post Office of India.

MILITARY DEPARTMENT

*Fort William, the 30th October 1862.*  
No. 971 of 1862.—The undermentioned Officer is permitted to proceed to Europe on leave of absence on Sick Certificate:—  
Assistant Surgeon Thomas Bond Farncombe, of the Medical Department For fifteen months, under the new Regulations.

No. 972 of 1862.—The Right Hon'ble the Governor General in Council is pleased, with the concurrence of the Commander-in-Chief, to sanction, experimentally for twelve months, the adoption of new Hospital diet scales in the Bengal Presidency.

2. Hitherto there have been only five kinds of hospital diet, viz., full, half, low, milk, spoon. These, in the absence of other varieties, have been supplemented by extra articles, in the prescription of which Medical Officers have been allowed a latitude that is necessary with so narrow a scale, while it is too wide for an efficient control of Hospital expenditure.

3. For the next twelve months the following Hospital diets will be observed in the Bengal Presidency, viz.,—

Spoon	
Tea	Low with Pudding.
Beef Tea	Low.
Low Milk	Half.
Milk	Fish.
Chicken	Full.

The components of these diets and their distribution are shewn in the annexed Table. The Officiating Principal Inspector General, Medical Department, will issue a Circular based on Dr. Forsyth's Report of 15th March 1861, in explanation of the differences between the old scale and the new.

4. The eleven diets now prescribed have been so constructed as to dispense almost entirely with the exhibition, in any case, of any extras, except wine, beer, spirits, lemonade, soda-water, and Lime juice, which cannot be included in any ordinary dietary. The Deputy Inspectors-General of Hospitals and the Examiner of Medical Accounts will give especial attention to this object of the revised dietary.

5. The "separate statement," as a separate document, is to be dispensed with. Medical Officers will have no difficulty in selecting from the different kinds of diet that which in each case will best suit the requirements of their patients. All expenditure extra to the authorized diet table should be accounted for in a separate "diet sheet" similar to that in use in Her Majesty's British Hospitals (Form No. 1 annexed) bearing the initials of the prescribing Surgeon written on the day on which the articles may have been prescribed.

6. The Form of Diet Roll in use in Her Majesty's British Army (Form No. 2 appended) being considered more perfect than the one now in use in Bengal, is to be introduced and made applicable for this country, as, owing to the causes of the disease and the patient's name being shewn therein, the Deputy Inspector-General of Hospitals and Examiner of Medical Accounts will be enabled to judge more correctly than they can do at present of the propriety of the expenditure.

7. It is also directed that daily abstracts of diets and liquors be prepared by the Apothecary from the Surgeons diary or bedhead tickets in the Form No. 3 annexed, and by him made over to the Steward signed by the Medical Officer. From these Abstracts the Steward will prepare the Diet Roll which will be daily inspected and which will bear the initials of the prescribing Surgeon, the issues being entered in words by the Surgeon after verification of the entries by comparison with his own diary. This Roll will be sent in daily to the Commissariat Department without erasures or alterations of any kind whatsoever.

8. The issue of Nutmeg, Cinnamon, and Ginger as separate condiments for flavouring Puddings,\* Sago, Arrowroot,

\* Now reduced to two, viz., Rice and Custard, &c., will cease, "spice powder" being substituted for them. The powder (put up in two or four ounce canisters) will be furnished, on special indent, by the Commissariat. The canisters are always to be in the Steward's custody and the expenditure daily recorded. Ten or twelve, never more than fifteen, grains are ample to flavor Puddings, &c.

9. For diets into which meat enters black pepper will be issued on the scale of one ounce for every 48 diets, or one third of a drachm for each diet, instead of, as at present, one drachm for each diet.

10. The existing mode of supplying beer and spirits for Hospitals admits of improvement. Great loss is sustained on beer for Hospitals bottled in Calcutta, and purchased by the Commissariat either in Calcutta or Up-country. On the other hand draught beer from the Canteens, or that bottled in Local Commissariat Godowns, is generally of a more uniformly sound quality than beer purchased in the market. Again in the majority of cases where ardent spirits are exhibited rum can be advantageously substituted for brandy as an equally efficacious cordial or stimulant, and one, which while cheaper, would be more acceptable to the men themselves than some kinds of brandy.

11. Medical Officers are accordingly invited to prescribe rum where they consider that it can be as beneficially taken as brandy, and draught beer or beer bottled locally by the Commissariat Department when they are satisfied that it is sound and good.

12. The rum must be the best in store, not less than three years old, and carefully bottled in the presence of the Executive Commissariat Officer. A sufficient stock of good brandy must, at the same time, be kept in store for any cases in which it may be deemed preferable.

13. It is also to be distinctly understood that the Medical Officer in charge of an Hospital is free to use his own discretion in prescribing bottled beer, as heretofore, for any of the sick.

14. The measures for meting out milk and wine not being of uniform capacity are to be

For wine, double, to contain 2 fluid ounces at one end and 1 fluid ounce at the other.

For milk, single, to contain 3 fluid ounces.

withdrawn from use, and fluid measures of the kinds noted in the margin, tested and stamped at the Mint, are to be issued in lieu to all European Hospitals.

15. This cancels the Rule in paragraph 5, page 121 of the Medical Code of 1851, which fixed the proportion of ten measures to a proper sized English quart bottle or forty to the gallon.

16. The entire contents of a wine bottle, whatever the quantity may be, shall be expended for the sick only. Medical Officers in charge of Hospitals will enforce this rule strictly, and the Steward will henceforth be required to account minutely for the contents of each bottle.

17. Twelve months after the adoption of the new diet scales, a Report will be furnished by medical Officers in charge of Hospitals with especial reference to the substitution of rum for brandy, and of draught or Commissariat bottled beer for that which is bottled in Calcutta.

The following Rules for entering the Harbour of Port Blair are published for general information:—

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 47' East from Greenwich; it has a spacious and safe harbour extending a considerable distance inland; the entrance is fringed by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depot of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of

1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main, is narrow, and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesostris Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S½ E. Magnetic, about three-fourths of a mile from the South end of Ross Island; it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth as the ground about is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy; and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained; and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

### ORDERS by the LIEUTENANT-GOVERNOR, N. W. PROVINCES.

**JUDICIAL (CRIMINAL) DEPT.—No. 760A.**—*Nynee Tal, the 4th October 1862.*—The Hon'ble the Lieutenant-Governor is pleased, under Section XXXVIII of Act XXV of 1861, to invest Mr. J. V. Sturt, and Munsoor Alee Khan, Extra Assistant Commissioners in the District of Humeypore, with authority to hold the preliminary enquiry into cases triable by the Court of Session, and to empower them to commit, or to hold to bail, persons to take their trial before such Court of Session, and to exercise all the powers necessary for such purpose.

**REVENUE DEPARTMENT.—No. 1154A.**—*Nynee Tal, the 17th October 1862.*—Whereas it appears to the Hon'ble the Lieutenant-Governor that land is required to be taken up in the District of Furruckabad at the public expense, for a public purpose, viz. for an Officer's Bungalow, it is hereby declared that a piece of land, measuring 1 acre, 2 roods, and 17 poles, situated in Mouzah Allahgunge, Penguunah Imrulpore, is required for the above purpose.

2. This Declaration is made under Section II., Act VI of 1857.

**SEPARATE REVENUE (STAMPS) DEPARTMENT.**—*No. 55, Allahabad, the 24th October 1862.*—The following Extract from the *Punjab Government Gazette* of the 11th instant, No. 81, relative to the ruling regarding Stamps to be used for powers of Attorney drawn up in India for use in England, and *vice versa*, is re-published for general information:—

From Secretary to the Government of India, to Secretary to the Government of Punjab, No. 5218, dated 25th September 1862.

With reference to your letter No. 678, dated 2nd instant, and to the Home Department, correspondence which accompanied it, regarding Stamps to be used for powers of Attorney drawn up in India for use in England, and *vice versa*, I am directed to forward herewith, for the information of the Hon'ble the

Lieutenant-Governor, and for communication to the local Officers under his control, the accompanying copy of the Standing Counsel's opinion on the subject. I am at the same time desirous to point out that, where a document is executed here, but is intended to operate in England solely, the question as to the *validity* of the Deed would only arise in that country, and it is perhaps at the option of the party executing it to have the instrument stamped, or not, as he considers best for his own interest.

From J. GRAHAM, Esq., Standing Counsel, to A. M. MONTEATH, Esq., Under-Secretary to the Government of India, dated the 22nd September 1862.

In reply to your communication dated 17th September (received 20th instant), I have the honor to state that in my opinion, in both the instances referred to by the Assistant Commissioner of Simla in his letter of 15th July 1862, the documents ought to have borne an Indian Stamp according to the Act X. of 1862, as (I collect) they were both *executed* in this country. The mere facts of the document in one case bearing an English Stamp and relating to matters to be done in England, do not affect the question, which, so far as the payment of the Stamp duty here is concerned, is merely whether the document was *executed* in this country.

2. The question becomes one of more difficulty when a document is executed in England or elsewhere, but is intended to operate here. The English Stamp Acts provide for these cases, and attach the duty and the Bank of England and other Departments require powers of Attorney executed abroad to be stamped in England. The Act X. of 1862, however, contains no such provisions, and I do not think, in the present state of the law here, an Indian Stamp can be insisted on by Public Departments in the case of a simple power of Attorney executed by all the grantors in England, or elsewhere out of the Indian Territories.

2. I agree that, as a general rule, the Courts of one country do not recognize the Revenue Laws of Foreign Countries, (including, under that term, its own Colonies or Settlements.) But in regard to the Stamp Laws there is a distinction established (which, however, principally concerns the public), *viz.*, that where the law of a country makes a contract entered into their *void* for want of a Stamp, the contract cannot be sued on any

Foreign Court which recognises the *lex loci contractus* as governing the contract, but otherwise, if the law only makes the instrument of contract inadmissible in evidence.

4. There are obviously three points of view from which this matter of Stamps may be regarded that of the payer, the receiver, and the general public to whom any instrument is tendered. The payer is anxious to be on the safe side, for in case of a law suit the Deed may have to be produced, and is therefore generally found willing, in doubtful cases, to pay the Stamp duty. The Government, as receiver, on the other hand, has only to see that its own Stamp Law is observed and that the instrument for which a Stamp is required falls under one of the heads mentioned in the Act, regardless of the question whether any duty has been paid elsewhere. The

class of the public again (comprising the Government itself in the Departments to which instruments are tendered to be acted on) have to ascertain that the local law is observed, and also to some extent that the instrument is not void by the law of the country in which it purports to have been executed.

5. On this latter point if a document is tendered purporting to have been executed in the United Kingdom, though made for operation here, and it bears an English Stamp, I think it may be acted upon generally without inquiry as to the sufficiency of the Stamp; but if, under such circumstances, it bears no Stamp, it should be referred for orders in each particular case.

## MARINE DEPARTMENT.

No. 528.

*Port William, the 17th October 1862.*

The following Rules for entering the Harbour of Port Blair are published for general information :—

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 47' East from Greenwich; it has a spacious and safe harbour extending a considerable distance inland; the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depôt of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of 1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main, is narrow, and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesostria Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S. E. Magnetic, about three-fourths of a mile from the South end of Ross Island; it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth as the ground about it is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy, and with the buoy

bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island if possible, and run up

Wood and fresh water are easily obtained; and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

MARINE DEPARTMENT.

No. 528.

Fort William, the 17th October 1862.

The following Rules for entering the Harbour of Port Blair are published for general information:—

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 47' East from Greenwich; it has a spacious and safe harbour extending a considerable distance inland; the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its elevated appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a

distance of eleven to twelve miles. This Island is the principal depôt of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of  $1\frac{1}{2}$  miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main is narrow, and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesostius Reef," a dangerous patch, having only  $1\frac{1}{2}$  fathoms in some parts, rocky, uneven ground, bears S.  $\frac{1}{2}$  E. Magnetic, about three-fourths of a mile from the South end of Ross Island, it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth as the ground about is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy; and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained, and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

No 6384

Fort William, the 10th November 1862.

Notifications. Mr J. C. Price, a Junior Civil Servant, having obtained a Certificate of High Proficiency in Sanscrit, has been presented with the authorized Donation of Rupees 800.

No 6385.

Lieutenant H. D. Lindsay, Acting Assistant Superintendent of Police in British Burmah, has been granted six weeks' leave of absence, on Medical Certificate, from the 1st ultimo.

No 6386.

The 11th November 1862.

His Excellency the Governor General in Council has resolved that in the Territories subordinate to the Presidency of Fort William, the conditions of competition for the Government Cotton Prize of 1862-63 shall be the same as those observed in the past season. The following Rules, therefore, based on the Government Resolution, which appeared in the Gazette of the 10th August last year, are now published for general information —

A. The Prize will be given for the largest quantity of Cotton, combined with the best quality which shall be grown upon any one Estate within the Presidency during the season of 1862-63 and which shall be brought for shipment to any Port in or before the month of June 1863.

B. Cotton, from whatever District in the interior it may have come, will, if intended for shipment from any Port in the Territories subordinate to the Presidency of Fort William, be considered eligible to compete for the Prize.

C. The extent of ground under cultivation must not be less than thirty acres, all belonging to one property, or cultivated by one Superintendent.

D. The fulfilment of the last named conditions must be certified by the chief Revenue Officer of the District in which the Estate is situated, or by any other Agents specially recognized by the Government for that purpose.

These two last Rules are intended to prevent the Prize being given to a selection of picked samples from a large area, which would require none of the care or attention to the general cultivation of the plant which it is the desire of Government to encourage.

E. The Prize will be awarded by the Chamber of Commerce at Calcutta, if the Gentlemen representing that body will consent to undertake the task.

F. A scaled sample of the Cotton must be sent by each competitor to the Chamber of Commerce, and the consignment to which the Prize is awarded will afterwards be inspected by the Chamber and verified as corresponding with the sample. In case of its being desired to ship the consignment at an Out-Port, the inspection of it will be made by some person specially appointed by the Chamber of Commerce.

G. Each sample must be accompanied by a full and clear statement by the grower of the system which has been pursued in the cultivation, with an accurate and detailed account of all the expenses incurred.

H. Any subsidiary Rules which may be found requisite will be laid down by the Chamber of Commerce.

All Public Officers whose assistance may be sought in respect to the conditions of the 4th Rule, or for any other object, are enjoined to give their cordial co-operation in carrying out the intentions of Government.

## MARINE DEPARTMENT

No 528

*Port William, the 17th October 1862*

The following Rules for entering the Harbour of Port Blair are published for general information —

The Penal Settlement of Port Blair, on the East side and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 15' North, and Longitude 92° 17' East from Greenwich, it has a spacious and safe harbour extending a considerable distance inland, the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depôt of the Settlement and the residence of the Superintendent

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of 1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by

N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow

The South Channel, formed between the South end of Ross Island and the Main, is narrow and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sexostris Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S½ E Magnetic, about three-fourths of a mile from the South end of Ross Island, it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth, as the ground about is rocky and uneven

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N by E Magnetic, and steer for it, passing well to the Westward of the Reef buoy, and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N by E about half a mile distant, the Channel between Ross Island and the Main will be well open when a N N W course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible

During the strength of the S W Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up

Wood and fresh water are easily obtained, and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.

2. The Opium will be ordinarily offered for sale at an upset price of Rupees 100 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous Notification, and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertised for sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on, until the whole of the remaining lots are disposed of, or, if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five Chests.

5. A Promissory Note, for a sum calculated

When the amount bid is less than Rs. 1,200 per chest	Deposit.	according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other Public Securities as aforesaid shall have been delivered in shall be re-sold at such time or times and under such conditions of re-sale

as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes, taken on the day of Sale under the last mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of Sale, will be placed in the hands of the Solicitor to the Government for realization on such manner as to him shall seem fit.

7. No tender of Money, Bank of Bengal Receipts, or Public Securities on account of Opium, upon which the prescribed Deposit may not have been made before 4 o'clock of the fifth day following the day of Sale, will be afterwards accepted.

8. The Opium now advertised for sale shall be paid for within fifteen clear days from the day of Sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order; and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10. No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer Superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount, for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for sale in the mode here

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same conditions any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always, that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers, together with samples of the Opium for sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1861-62, the same precautions have been taken as those which have been observed during past years, to have the drug procured and set down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen, on application, at the Office of the Junior Secretary to the Board of Revenue, four chests of Behar and Benares Opium, *viz.*, two of the season's provision under sale, and two of the provision's season will be also shown to the purchasers in the Sale Rooms on the day of Sale, to enable them to judge of the state of preservation of the drug in the chests offered for sale.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified, that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815,

quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1863, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular sale within thirty days from the advertizement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this Notification. If the Agents of the French Government shall not make the requisitions for Opium within the time abovementioned, the entire quantity of about 30,617 Chests of Behar and Benares as above estimated will be brought to sale in the usual manner; and if they shall make application for a

quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to—

Article 6th.—“With regard to the trade in Opium, it is agreed between the High Contracting Parties that at each of the periodical Sales of that article, there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*.”

Offg. Junior Secretary.
